About OCP Group

OCP plays an important role in feeding a growing global population, by providing essential elements for soil fertility and plants growth. With almost a century of experience and revenues reaching US\$ 5.0 billion in 2017, OCP Group is a leader in the phosphate rock and the world's first producer of phosphate-based fertilizers. OCP provides a wide range of well-adapted fertilizer products to enhance soil, increase agricultural yields, and help feeding the planet in a sustainable and affordable way. Thanks to its large-scale integrated industrial development strategy, OCP is present on the entire phosphate value chain and operates on all of its business lines, offering to its 23,000 employees a development path focused on excellence. Headquartered in Morocco, OCP works in a close partnership with more than 160 customers over 5 continents. Committed to best serve the development of Africa, OCP places innovation at the heart of its strategy, in particular to implement sustainable and prosperous agriculture on the continent. As a responsible industrial player, OCP is strongly committed to Africa's environmental, social and human development. The Group is firmly convinced that leadership and profitability are necessarily synonymous to social responsibility and sustainable development. Its strategic vision resides where these two dimensions meet.
