

Community prosperity

Community prosperity

We are committed to addressing social needs, building capacity, innovating with partners and expanding local and regional economic opportunities.

- In partnership with Phosboucraa Foundation, we bring to bear significant socio-economic benefits for the people in this area - including technical training and education, economic empowerment, homes and other facilities, and financial and medical assistance.
- Collaboration and open debate are core to our good governance approach to natural resources, working with NGOs, local authorities and others, particularly as it relates to local communities.

Phosboucraa is :

- the largest private employer in the Region.
- providing regional economic security as an ongoing source of wealth and prosperity and making significant community investments to support social and economic development.
